### *Research grants*

Through the years I have been responsible for a number of research projects financed by the National Board of Education, the Swedish Social Science Research Council, the National board of universities and colleges, the National agency for research councils, and private research funding agencies and foundations. I am, together with Håkan Hult responsible for the research within the Centre for teaching and learning at Linköping university,. At the moment, I am also responsible for the project ' *Högre utbildning, arbete och livslångt lärande. En studie av ändamålsenligheten hos problembaserade och konventionella utbildningar inom teknik och hälso- och sjukvård*', a national project on the feasibility of Problem-based and traditional curricula in medicine and engineering, funded with 2.8 MSEK from the National agency for innovation systems (VINNOVA) and for the above mentioned project *Students as Journeymen between Cultures of Learning in Higher Education and Working Life*, funded with 760.000 euro by the European Commission in Brussels.

### RESEARCH NETWORK

---
